

Future Ready

College, career, entrepreneurship, coding and digital readiness

Recommended for middle school, high school and emerging adults

PROGRAM OVERVIEW

Future Ready helps participants connect personal strengths to education, employment, entrepreneurship and technology. The program combines goal setting, career exploration, financial literacy, professional communication, project planning and introductory digital tools. The emphasis is not simply choosing a job; it is learning how to make informed, sustainable decisions.

PARTICIPANTS WILL

- Identify strengths, interests and realistic next-step goals.
- Compare college, workforce, entrepreneurship and training pathways.
- Build professional communication and career materials.
- Practice budgeting, pricing, time management and financial responsibility.
- Use coding and AI tools ethically to develop and present a project.

RECOMMENDED INVESTMENT

ENGAGEMENT	INVESTMENT
Single 60-90 minute readiness workshop	\$1,000
Half-day intensive, up to 3 hours	\$1,500
Full-day build lab, up to 6 hours	\$2,500
Eight-week cohort, one session weekly	\$10,000

ENGAGEMENT	INVESTMENT
Twelve-week career and venture lab	\$14,500

Pricing is designed for schools, nonprofits and community partners. Travel outside New York City or southern New Hampshire, specialized equipment, venue rental and unusually large cohorts are quoted separately. Limited sponsor-supported rates may be available.

A practical sequence that can be adapted to the age group, setting and needs identified during intake.

WEEK	FOCUS	LEARNING & PRACTICE
1	Strengths and future vision	Skills inventory, interests, barriers and a measurable personal goal.
2	Pathway exploration	College, credentials, apprenticeships, employment and entrepreneurship.
3	Professional story	Resume foundations, introductions, email, interviewing and digital presence.
4	Money and time	Budgeting, pricing, credit basics, schedules and opportunity cost.
5	Entrepreneurship	Problem identification, customer, offer, costs and responsible revenue.
6	Coding and AI tools	Digital literacy, basic workflows, prompt judgment, privacy and verification.
7	Build a project	Create a portfolio item, prototype, campaign or small business concept.
8	Pitch and next steps	Present work, receive feedback and complete a 30/60/90-day action plan.

WHAT IS INCLUDED
